THOMAS LANZISERO

Dear Thomas Lanzisero:

Congratulations! On behalf of the IEEE Member and Geographic Activities Vice President, Joseph V. Lillie, and IEEE Technical Activities Vice President, Harold L. Flescher, it is a pleasure to inform you that the requirements of the MGA Board Operations Manual have been met, and the IEEE Long Island Section Product Safety Engineering Society Chapter has been formed. The effective date of this Chapter formation is 25 March 2009.

You have been recorded as Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. Valuable information regarding IEEE Society Chapters can be found at www.ieee.org/chapters. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

As you know, IEEE provided for the establishment of Affinity Groups within the RAB structure, in 1998. As the sponsor of several consultants' networks that currently exist in the Sections and Councils of IEEE, the Chair of the Coordinating Committee of the Alliance of IEEE Consultants' Networks contacted the networks in December for the information that is needed to establish them as Affinity Groups. I am including the information received thus far. Some were not able to provide total information (mainly member numbers) within the short time frame stipulated. Therefore, one should not assume that people listed are not members if no member numbers are shown. We expect more information to trickle in this month.

Please let me know if there is any further information needed about these groups.

Dr. Herbert R. Carleton

Dear Dr. Carleton:

We are pleased to advise that all concerned approved the establishment of the Sonics and Ultrasonics Chapter in the Long Island Section on October 23, 1981.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Chapter Officers form (L7) to report the officers to IEEE. If we can assist in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,

Mark M. Lucas

Mr. Richard S. Pierro

Dear Mr. Pierro:

Congratulations! On behalf of the IEEE Executive Director, Dan Senese, it is a pleasure to inform you that the requirements of the IEEE Bylaws have been met, and the IEEE Long Island Section – Aerospace and Electronic Systems Society Chapter has been formed. The effective date of this Chapter formation is 13 May 2003.

At this time, we are recording you as the Interim Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski

Subject: IEEE Long Island/New York Joint Sections - Nuclear & Plasma Sciences Society Chapter

Greetings,

We received a request from IEEE Long Island Section Chair, Christian DiFranco to change the existing IEEE Long Island Section - Nuclear & Plasma Sciences Society Chapter (CH01198) to include the IEEE New York Section.

The purpose of a Joint Chapter is to promote activities on Long Island and New York City areas. Long Island Section has an active NPSS Chapter, and New York Section does not have an established NPSS Chapter. A Joint Chapter will bring up the activity and awareness level of nuclear and plasma science, and a free benefit to New York Section members with no administrative burdens to them. Both Section ExComs have approved this chapter change.

The new joint chapter will be:

IEEE Long Island/New York Joint Sections - Nuclear & Plasma Sciences Society Chapter. It will be chaired by Dr. Ralph James (rjames@bnl.gov).

Do I have your approval to proceed with this Chapter change and have it presented on RAB's Agenda for 18 November 2004?

Warmest regards,

Lauren

Lauren,

Yes I approve changing the existing IEEE Long Island Section - Nuclear & Plasma Sciences Society Chapter (NPSS) to include the IEEE New York Section. Currently there are about 20 members of this Society within the New York Section and about 40 within the Long Island Section.

BTW Lauren what is the CHO1198 that you refer to in your email?

Mr. Arthur B. Williams

Dear Mr. Williams:

Congratulations! On behalf of the IEEE Regional Activities Vice President, Marc T. Apter, and IEEE Technical Activities Vice President, Ralph W. Wyndrum, Jr., it is a pleasure to inform you that the requirements of the RAB Operations Manual have been met, IEEE Long Island Section – Circuits and Systems Society Chapter has been formed. The effective date of this Chapter formation is 09 May 2005.

At this time, we are recording you as the Chapter Chair. When an election has been held, please report the name and member number of the new Chapter Chair to the IEEE using the online Officer Confirmation form at <http://www.ieee.org/scsreports>. Valuable information regarding IEEE Society Chapters can be found at www.ieee.org/chapters. If we can assist you in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this Chapter.

Sincerely,

Cecelia Jankowski

Mr. Joel B. Snyder

Dear Joel:

I note from the Minutes of the Long Island Executive Committee, September 29, 1971, that your Section is considering an unemployment insurance plan, and that specific studies have been assigned to members of your Executive Committee.

In contributing to your study of this plan, I am attaching a copy of IEEE Policy Statement 29 approved by the Board of Directors last August and published in the October, 1971 issue of "Electrical Engineering".

I draw attention to paragraph 29.4 which deals with Group Insurance Plans. Please note that prior to the formal introduction of your plan it requires legal approval and authorization by the IEEE Executive Committee.

I will be happy to expedite consideration of your plan promptly after your Executive Committee has approved it. Meanwhile, if there are incidental questions I will be happy to pass them on to the appropriate officers and counsel.

Best regards,

Statement of Policy # 29 - Professional Welfare of Members

The IEEE is concerned with the professional welfare of its members. the administrative, geographical, and technical units are encouraged to pursue appropriate activities in this area, such as the following:

1. Organizing or sponsoring career development seminars for members.
2. Organizing or sponsoring educational activities which upgrade the skills of members.
3. Publishing information on existing legislation or proposed legislation which may affect the professional welfare of IEEE members.
4. Arranging for group insurance plans which benefit members, provided these do not duplicate other plans sponsored by the IEEE and provided the IEEE unit does not benefit financially from such plans. Prior to establishment of an insurance plan by an organizational unit, legal approval must be sought through Headquarters and the plan referred to the Executive Committee for authorization.

The IEEE or any of its units cannot act as a bargaining agency and cannot engage in direct lobbying activities. Members interested in the latter activity are encouraged to take membership in national professional organizations (such as the National Society of Professional Engineers, in the United States), and the IEEE will continue attempts to work for favorable membership arrangements for IEEE members with these organizations.

11. Unemployment Insurance Plan

J. Snyder described the tentative characteristics of a Section sponsored, private insurance plan. These included a six month waiting period, automatic enrollment in basic medical and major medical plans, with other fringes possible. Membership would be open to all engineering and scientific personnel on Long Island.

Comments were made that the embellishments detract from main objective of plan - unemployment aid. Rather these features should be provided for in charter but not in initial set-up.

Early transfer of operating plan to National was recommended to spread base. Proposed that start up costs (approximately \$3,000) be covered by Long Island Section, half of which would be returned from operating revenue.

An alternative proposal requesting further study with specific technical advice (Accountants, Actuaries, Attorneys) be conducted before appropriating any funds. Butash to contact independent insurance plan, Maune to discuss with an Actuary.

Gentlemen:

Attention: Mr. G. W. Bailey and
Board of Directors

For some time the Long Island Subsection of the New York Section, IRE, has felt that it should become a full Section. The Subsection has kept the Executive Committee of the New York Section continuously in touch with its plans. It was agreed that a ballot should be taken in the Subsection relative to the separation plans. Such a ballot has now been taken and reveals a great majority of the returns as favoring the change. The Executive Committee agrees, therefore, to the release of the Long Island Subsection to become the Long Island Section of the Institute of Radio Engineers. The territory involved is the counties of Queens, Nassau and Suffolk in the state of New York.

The undersigned has had some concern over the preferable status of Queens County in this connection, as most of Queens County has good transit to Manhattan, by subway, elevated, or Long Island railroad, as well as by road facilities. However, the ballots returned from Queens showed very small evidence of desire to remain with the New York Section. It is considered therefore that Queens County is released.

DEAR MR. BAILEY:

IT IS MY UNDERSTANDING THAT THE LONG ISLAND SUBSECTION WILL MAKE A PETITION SOON TO CHANGE FROM SUBSECTION TO FULL SECTION STATUS INCLUDING IN ITS AREA THE COUNTIES OF NASSAU, QUEENS, AND SUFFOLK.

I HAVE BEEN FOLLOWING THE MATTER CLOSELY AND HAVE BEEN IMPRESSED BY THE FACT THAT THE OFFICERS OF THE NEW YORK SECTION AND LONG ISLAND SUBSECTION HAVE CONSIDERED WITH GREAT CARE THE INTERESTS OF THE MEMBERS AND SECTIONS OF THE INSTITUTE. A POLL WAS TAKEN, THE RESULTS OF WHICH I UNDERSTAND ARE FAVORABLE TO THE CHANGE OF STATUS. MATTERS OF FINANCE ARE BEING DISCUSSED WITH CARE AND ALL PARTIES INVOLVED ARE BEING POSTED.

IN MY OPINION IT IS A DESIRABLE MOVE AND HAS MY FULL ENDORSEMENT IN MY CAPACITY AS REGIONAL DIRECTOR. IT WOULD BE DESIRABLE TO EXPEDITE THE CHANGE OF STATUS BEFORE THE ELECTION OF OFFICERS IN MAY SO THAT THE NEW GROUP CAN OPERATE AS A SECTION. ACCORDINGLY IT WOULD BE APPRECIATED BY ALL CONCERNED IF YOU COULD PUT THIS MATTER ON THE AGENDA OF THE NEXT BOARD OF DIRECTORS MEETING IN MAY.

Attention: Board of Directors

Subject: Petition for Section Status for Long Island.

Gentlemen:

The Executive Committee of the Long Island Subsection, on behalf of its membership, submits the following petition to the Board of Directors of the Institute and respectfully requests that it be granted.

"We hereby petition the Institute of Radio Engineers, Inc., to form a new Section to be known as the Long Island Section. This section is to be made up of those members of the Institute of Radio Engineers having I.R.E. mail addresses in the counties of Queens, Nassau, and Suffolk in the State of New York. We agree, in the event that the Long Island Section is authorized, to abide by the Constitution for Sections as provided by the Institute of Radio Engineers."

This petition has been signed by 723 voting members, who comprise 36% of the membership of the Long Island Subsection. A total of 758 valid votes were cast, so of the members who voted, 95% signed the petition for section status. 273 of the ballots were received from members having Queens addresses for the Institute, and there was a total of 22 comments of a scattered nature received. All ballots received by April 13, 1953, are forwarded herewith.

G34-53-R2114
April 17, 1953

The matter has been discussed thoroughly with the Ad Hoc New York Area Organization Committee and the New York Section Executive Committee. Both of these committees have been in agreement with the steps taken by the Long Island Subsection.

Copies of letters from Mr. H. T. Budenbohm, Chairman of the New York Section, and Professor J. R. Ragazzini, Regional Director, endorsing the action of the Long Island Subsection in this matter are attached to this letter.

A report is enclosed which sets forth all of the actions pertinent to this request of the Long Island Subsection.

Dear Mr. Bailey:

It is my understanding that the Long Island subsection will make a petition soon to change from subsection to full section status including in its area the counties of Nassau, Queens, and Suffolk.

I have been following the matter closely and have been impressed by the fact that the officers of the New York section and Long Island subsection have considered with great care the interests of the members and sections of the Institute. A poll was taken, the results of which I understand are very favorable to the change of status. Matters of finance are being discussed with care and all parties involved are being posted.

In my opinion it is a desirable move and has my full endorsement in my capacity as regional director. It would be desirable to expedite the change of status before the election of officers in May so that the new group can operate as a section. Accordingly it would be appreciated by all concerned if you could put this matter on the agenda of the next Board of Directors meeting in May.

REPORT OF ACTIONS IN CONNECTION WITH LONG ISLAND
REQUEST FOR SECTION STATUS

1. McRae Committee

In connection with discussions regarding section status for Long Island (Chairman, H. E. Webber) in 1951, Dr. J. H. Mulligan, then Chairman of the New York Section, appointed a committee with Dr. J. W. McRae as chairman to consider the organization of the I.R.E. membership in the New York area. This committee reached a general conclusion that the present subsections of New York should become sections and that a regional mechanism be set up to coordinate activities of the nature of lecture series, symposia, etc., within the whole New York area.

2. Ad Hoc New York Area Organization Committee

This committee was established as a direct consequence of a recommendation of the McRae Committee. It was comprised of the present and past Region 2 directors, the chairmen of the New York Section and Subsections, and the secretary of the New York Section. Its purpose was to study the McRae Committee report and to make final recommendations.

3. Actions Taken in Connection with Long Island Request for
Section Status

Several meetings of the Ad Hoc New York Area Organization Committee were held, the outcome of which was that the Long Island Subsection was asked to prepare a proposal by which it could attain section status. During the period of these discussions, the membership of the Long Island Subsection was kept informed of the activities by articles in the publication "The Pulse of Long Island". These were printed in the September and October 1952 issues. (A copy of each publication referred to in this report is attached.)

The Long Island Subsection worked up a proposal by which it could become a section. This was presented to the Subsection membership in the February 1953 issue of "The Pulse".

This plan was also presented to the Ad Hoc New York Area Organization Committee and the Executive Committee of the New York Section, and was discussed at meetings held on February 4, 1953. The Ad Hoc Committee adopted the following motions in connection with this proposal:

- "1. The Long Island general plan for disaffiliation be endorsed by the New York Section.
2. The New York Section invite Long Island to attend its Executive Committee meetings as an ex-officio member in order to coordinate activities.
3. The membership of the proposed Long Island Section be comprised of members with mailing addresses in Queens, Nassau, and Suffolk.
4. The same consideration be given to other sub-sections desiring to disaffiliate.
5. The Ad Hoc Committee is discharged."

These motions were reported to the Executive Committee of the New York Section which discussed them, and adopted the following motion:

"The New York Executive Committee has reviewed items 1 through 4 of the Ad Hoc report and favors its adoption as to Long Island. Since Long Island has requested that a poll be taken of its membership, the New York Executive Committee recommends that the polling be handled by Long Island. If the polling results in a petition, the New York Executive Committee will favor it."

These results were reported to the Long Island membership in the March 1953 issue of "The Pulse", and the Long Island Executive Committee authorized the polling of the membership in regard to section status.

4. Endorsement by Regional Committee (Region 2)

At a meeting of the Regional Committee (Region 2) held on March 23, 1953, the matter of section status for Long Island was discussed. The following motion was unanimously adopted by this committee:

"Resolved: That the Region #2 Committee looks with favor on the plans of orderly change of subsections to full section status as now being carried out in the New York Section."

5. Poll of Long Island Membership

A ballot, a copy of which is enclosed, was mailed to the Long Island membership. This document presented the plan to the members, as finally determined by the actions of the Ad Hoc New York Area Organization Committee and the New York Executive Committee. Three questions were asked of the membership on the ballot, and a petition was included, to be signed by those favorable to the plan for section status.

The results of this vote are as follows:

- | | |
|--|------|
| 1. Ballots mailed to membership | 1999 |
| 2. Total ballots received from members | 810 |
| 3. Valid ballots received from members | 758 |

(Ballots from students and those with illegible signatures on outside envelope were not counted.)

- | | |
|---|-----|
| 4. Ballots cast by voting members from Queens County. | 273 |
|---|-----|

Tally on questions:

Question 1

Do you wish Long Island to become a full section?	726 Yes	32 No
---	---------	-------

Question 2

If the answer to (1) is yes, do you approve of the main features of the plan as given in the accompanying report with the understanding that it can be altered at a later date?	714 Yes	7 No
---	---------	------

Question 3

If the answer to (2) is no, please state your objections to the plan.	22 comments received
---	----------------------

Number of signatures on petition attached to ballot.	723

The Long Island Subsection Executive Committee has considered the results and finds them to be overwhelmingly in favor of requesting full section status for the Long Island membership of the Institute of Radio Engineers.

REPORT TO MEMBERSHIP OF LONG ISLAND SUBSECTION OF I.R.E. ON SECTION STATUS

At recent meetings of the Ad Hoc New York Area Organization Committee and the New York Section Executive Committee, the plan for section status for Long Island (as presented to you in the February 1953 issue of "The Pulse") was considered. The following actions were taken by the Ad Hoc New York Organization Committee and approved by the New York Section Executive Committee:

- 1) It recommended that the Long Island plan for full status be endorsed by the New York Section.
- 2) It recommended that the New York Section invite the Long Island Section to designate a member to attend New York Section Executive Committee meetings as an ex-officio member in order to coordinate activities.
- 3) It recommended that the membership of the proposed Long Island Section be comprised of members whose address for I.R.E. mail is in Queens, Nassau and Suffolk counties.
- 4) It recommended that the same consideration be given to other subsections desiring full section status.

It was the opinion of most of the members of the New York Executive Committee that the question of finances be discussed by the New York and Long Island Executive Committees after the Long Island petition for section status had been approved by the Board of Directors of the I.R.E.

The executive committee of the Long Island Subsection has approved of the actions above, and is proceeding with the plan to become a full section. A separate ballot and an addressed postage-paid envelope are included with this report. Several questions appear on the ballot and you are asked to answer these in order that the Long Island executive committee may know your wishes in the matter of full section status for Long Island. There is also included a statement of the petition which will be submitted to the Board of Directors of the I.R.E., if, in the opinion of the Long Island Executive Committee, this is the desire of the Long Island membership as shown by the answers to the poll. You are requested, if your answers to the questions favor the formation of the Long Island Section, to sign the petition statement, as this can be used directly as the petition and will save further mailing to the membership. Please return the ballot in the enclosing voting envelope, which should be signed on the outside in the place designated.

A resume of the plan under which Long Island would become a full section follows.

- 1) The coordination of activities, the interchange of information such as meeting notices will be accomplished by designating a member of the Long Island executive committee for the purpose. He will be an ex-officio member of the New York Executive Committee.
- 2) The membership of the Long Island Section would be comprised of all members whose address for I.R.E. mail is in the Counties of Queens, Nassau, and Suffolk. It should be noted here, that it is the I.R.E. MAIL ADDRESS which governs the membership, so that a member living in Queens, Nassau, or Suffolk county who works in New York has the option of membership in either the New York or Long Island Section.
- 3) The Long Island Section would be supported by funds from I.R.E. Headquarters as are all sections. Also, since the New York Section has accumulated a surplus in recent years, it is expected that the New York Section will make available a reasonable fraction of this surplus to Long Island on its becoming a full section.
- 4) All who sign the petition for section status for Long Island agree to abide by the CONSTITUTION FOR SECTIONS which is a standard constitution governing all sections of the Institute of Radio Engineers. As present members of the New York Section we are now operating under this constitution. Its salient points are:

1. That the organization shall be known as the Long Island Section of the I.R.E., Inc.
2. That all members having I.R.E. mail addresses within the territory are automatically members of the Section.
3. The territory of the Section shall be set by the Board of Directors.
4. There shall be no Section dues.
5. The officers shall be a chairman, vice chairman, secretary, and treasurer.
6. There shall be an executive committee to manage the Section.
7. The Section shall not hold less than five regular meetings a year.

Committee on Full Section Status

If you have answered yes to (1) and (2) above, will you please sign the petition below?

Petition

I hereby petition the Institute of Radio Engineers, Inc., to form a new Section to be known as the Long Island Section. This section is to be made up of those members of the Institute of Radio Engineers having I.R.E. mail addresses in the counties of Queens, Nassau, and Suffolk in the State of New York. I agree, in the event that the Long Island Section is authorized, to abide by the Constitution for Sections as provided by the Institute of Radio Engineers.

DEAR MR. LEARNED:

I AM WRITING TO YOU, AS CHAIRMAN OF A NEW IRE SECTION, WITH REFERENCE TO YOUR SECTION'S POSSIBLE MEMBERSHIP IN A LOCAL COUNCIL, GENERALLY CALLED A "TECHNICAL SOCIETIES COUNCIL". THESE BODIES ARE USUALLY COMPOSED OF LOCAL CHAPTERS OF NATIONAL PROFESSIONAL SOCIETIES, SOMETIMES INCLUDING OTHER LOCAL ORGANIZATIONS.

IF YOU HAVE SUCH A COUNCIL IN YOUR LOCALITY, THE BOARD OF DIRECTORS REQUEST THAT BEFORE JOINING, YOU SUBMIT A COPY OF THE CONSTITUTION AND BYLAWS OF THE COUNCIL, TOGETHER WITH AS MUCH INFORMATION ABOUT ITS ACTIVITY AS YOU CAN OBTAIN. AFFILIATION WITH A LOCAL COUNCIL BY ANY SECTION MUST BE APPROVED BY THE BOARD OF DIRECTORS.

THE REASON FOR THIS APPROVAL PERTAINS TO THE QUESTION OF TAXES. AS A SCIENTIFIC INSTITUTION, WE ARE COMPLETELY TAX-FREE, PROVIDED THAT WE DO NOT CONDUCT ANY ACTIVITY "ATTEMPTING TO INFLUENCE LEGISLATION". SINCE EACH SECTION IS THE INSTITUTE'S AGENT AND REPRESENTS THE IRE IN THE EYES OF THE LAW, IF ANY ONE SECTION OF THE IRE SHOULD JOIN A COUNCIL WHICH "ATTEMPTED TO INFLUENCE LEGISLATION", IT MIGHT SUBJECT THE NATIONAL ORGANIZATION TO LOCAL, STATE AND FEDERAL TAXES, WITH A DISASTROUS EFFECT UPON OUR BUDGET.

WE REQUEST THAT YOU ACKNOWLEDGE RECEIPT OF THIS LETTER, INDICATING WHETHER OR NOT THERE IS SUCH A COUNCIL IN YOUR LOCALITY AND IF SO, WHETHER YOUR SECTION IS INTERESTED IN AFFILIATING WITH IT.

WE ALSO SUGGEST THAT YOU INCORPORATE THIS LETTER IN YOUR RECORDS SO THAT IT MAY BE USED FOR FUTURE REFERENCE AND SO THAT SUCCEEDING SECTION OFFICERS MAY BE ADVISED OF THE SITUATION IN THIS REGARD.

Mr. Joel B. Snyder

Dear Mr. Snyder:

I am writing to bring you up-to-date on the preliminary legal review of the proposal of your Section to establish an Unemployment Insurance Program. Our lawyers tell us that, from a legal point of view, the Program cannot be operated by the Section, or by any other unit of the IEEE. It must be operated exclusively by an insurance company, administrator, an agent or other entity approved by the IEEE Executive Committee. This follows the selection of the Sternau Organization as the Administrator for the IEEE Group Insurance Plans. Secondly, the lawyers point out that under no circumstances may any IEEE funds be used directly or indirectly in connection with the plan. I enclose copies of a letter dated December 17 from Mr. James R. Wiener and a copy of rider A and rider B which relate to the first and last paragraphs of the "Unemployed Loan Plan" dated December 9, 1971 which I had submitted to him.

I also understand from Mr. Sternau that it is unlikely that an insurance company will be interested in participating in such a plan and that it may be desirable to approach a bank.

In view of the above, I would appreciate your keeping me currently informed of the status of your project. As noted by Mr. Wiener in the last paragraph of his attached letter, the final version of the plan when all the subsidiary questions have been ironed out, must be reviewed by legal counsel before submission to the Executive Committee for approval.

Very sincerely,

Dear Don:

Referring to yours of December 16th, I enclose a suggested marked-up redraft of the proposed loan plan. While such a plan, revised as per my enclosed redraft, would not be within the strict scope of I.E.E.E.'s tax-exempt purposes as a "(c)(3)" organization, as is the case with respect to other insurance-type plans, I believe that the activity could be regarded as sufficiently insubstantial not to jeopardize I.E.E.E.'s "(c)(3)" status.

As you will note, the enclosed redraft is designed to limit the direct participation of I.E.E.E. Sections to an absolute minimum: all that they would really be doing is informing their members of the availability of the plan. It is, of course, critical that this limitation be observed. It goes without saying that no I.E.E.E. funds may be made available under the loan plan.

In view of the highly sensitive nature of this type of plan, I would like to review a final version before it is given definitive approval by the I.E.E.E. Executive Committee.

Sincerely yours,

James R. Wiener

Unemployed Loan Plan

~~The IEEE is making available to its Long Island, New York, and New Jersey members a new member benefit plan.~~

Unemployed plan members can now obtain loans on a deferred payment basis that are fully guaranteed. The interest rates are far below those charged by banks and other lending institutions. Liberal deferred repayment terms and other benefits make this a most attractive plan.

To qualify for membership in the plan you must be:

1. A paid-up IEEE member (Member grade or higher) and a member of either the Long Island, New York, or Northern New Jersey Sections.
2. Enrolled in the plan for at least six (6) months prior to claiming benefits.
3. Willing to sign a repayment contract.
4. Willing to remain in the continental U.S. until any loans are fully repaid.

Members of the plan pay in a minimum of \$5.00 per week. More if you so choose, since your loan maximum is related to the total amount that you have contributed.

If at any time after your eligibility period you become unemployed, you may exercise your plan benefits. A fully guaranteed and secured loan of any amount up to 5 times your contribution balance is available to you. You can borrow any amount at any time so long as your indebtedness does not exceed your maximum.

No payments are required until 3 months after you have secured employment. Your payments will be 5 times your maximum weekly contribution rate, or more at your option.

Your loan carries life insurance to the amount of the loan so your estate will never be touched.

Interest on your loan is _____ per month on the unpaid balance. Far lower than prevailing rates. Especially if you consider that unemployed people are considered high risks.

While you are employed your plan contributions earn interest at _____% per year.

You may leave the plan at any time and receive a refund of your contributions plus accrued interest. In addition, you may designate that part of your fund is to be withdrawn and applied toward payments on your IEEE insurance policies.

Bob!
Rich B attached

RIDER "A"

The IEEE is pleased to announce that an unemployed loan plan is being made available to members of its Long Island, New York and northern New Jersey members by [name of insurance company or agent or administrator.]

RIDER "B"

The plan has been organized and will be administered solely by [name of insurance company or agent or administrator]. Although the plan is offered solely to IEEE members of the Long Island, New York and northern New Jersey sections, neither IEEE nor any of those sections will be involved in the administration of the plan.

Dear Joel:

I note from the Minutes of the Long Island Executive Committee, September 29, 1971, that your Section is considering an unemployment insurance plan, and that specific studies have been assigned to members of your Executive Committee.

In contributing to your study of this plan, I am attaching a copy of IEEE Policy Statement 29 approved by the Board of Directors last August and published in the October, 1971 issue of "Electrical Engineering".

I draw attention to paragraph 29.4 which deals with Group Insurance Plans. Please note that prior to the formal introduction of your plan it requires legal approval and authorization by the IEEE Executive Committee.

I will be happy to expedite consideration of your plan promptly after your Executive Committee has approved it. Meanwhile, if there are incidental questions I will be happy to pass them on to the appropriate officers and counsel.

Statement of Policy # 29 - Professional Welfare of Members

The IEEE is concerned with the professional welfare of its members. the administrative, geographical, and technical units are encouraged to pursue appropriate activities in this area, such as the following:

1. Organizing or sponsoring career development seminars for members.
2. Organizing or sponsoring educational activities which upgrade the skills of members.
3. Publishing information on existing legislation or proposed legislation which may affect the professional welfare of IEEE members.
4. Arranging for group insurance plans which benefit members, provided these do not duplicate other plans sponsored by the IEEE and provided the IEEE unit does not benefit financially from such plans. Prior to establishment of an insurance plan by an organizational unit, legal approval must be sought through Headquarters and the plan referred to the Executive Committee for authorization.

The IEEE or any of its units cannot act as a bargaining agency and cannot engage in direct lobbying activities. Members interested in the latter activity are encouraged to take membership in national professional organizations (such as the National Society of Professional Engineers, in the United States), and the IEEE will continue attempts to work for favorable membership arrangements for IEEE members with these organizations.

11. Unemployment Insurance Plan

J. Snyder described the tentative characteristics of a Section sponsored, private insurance plan. These included a six month waiting period, automatic enrollment in basic medical and major medical plans, with other fringes possible. Membership would be open to all engineering and scientific personnel on Long Island.

Comments were made that the embellishments detract from main objective of plan - unemployment aid. Rather these features should be provided for in charter but not in initial set-up.

Early transfer of operating plan to National was recommended to spread base. Proposed that start up costs (approximately \$3,000) be covered by Long Island Section, half of which would be returned from operating revenue.

An alternative proposal requesting further study with specific technical advice (Accountants, Actuaries, Attorneys) be conducted before appropriating any funds. Butash to contact independent insurance plan, Maune to discuss with an Actuary.

1. Minutes of meeting of 25 August 1971 were approved.
2. Treasurers Report (E. Vehslage)

The appended report (9/22/71) was submitted and approved. Transfer of safe deposit box and checking account to E. Vehslage was approved. Attention was called to the fact that section is still deficit financed. Loss for 70 - 71, \$3,624.

3. Committee Reports

Lecture Series (M. Sassano)

Underway, on schedule, attendance returns expected from October Pulse. Response may require two separate sections.

4. Program (J. Maune)

September Mtg. - EVR, attendance 40.

October - ISC Telephonics, audio entertainment systems on 747. Maximum of 50 people, advance reservations required. Pre-meeting dinner at Steak Pub.

November - Annual dinner meeting, at Kings Grant Motel. Speaker Congressman Ginsberg of Plainview.

Note: 1) A IEEE space requirements at Poly to be arranged through Larry Edelman only (not direct) to avoid confusion.

2) Blue Dolphin Restaurant is a Pulse subscriber and should receive Section support for pre-meeting dinners.

5. Membership (Ralph Davidson)

Arrears list appears to have dropped from 300 to 100 names. Some may be drop-outs.

6. Job Referrals (J. Snyder for D. Yenoli)

Listings to be published in October Pulse. Company personnel managers to be included in future Pulse meetings.

7. Pulse (J. Snyder for I. Bordash)

October issue on schedule for delivery by October 1. 6 Pages. Only ads are Poly and Blue Dolphin (see above). Pulse needs more active ad solicitation (more ad people).

8. METSAC (S. Rosenthal/A. Rossoff)

Trisection meeting Monday, November 8 at 7:30 P.M. All section members invited. Tanner to attend and speak on future plans for IEEE. Pulse notice planned.

9. ALIES (A. Rossoff)

NSPE legislative dinner (Wednesday, December 1st) with a number of state and local congressional figures. Cost \$10, at Fox Hollow Inn. Section support through brief notice in Pulse. NSPE has received Federal Grant to study opportunities for unemployed engineers in fields of finance, banking, and insurance.

NEW BUSINESS

10. Computer Group - New officers introduced.
