Dear Mr. Fox:

Let me take this opportunity to thank you for all the effort you have contributed towards resolving the Canadian zip codes for Quebec, St-Maurice, Ottawa, and Montreal Sections.

Since this project is being worked on here and the IEEE Region 7 Office, I'm forwarding all the information you have sent to Fred Heath. Since Mr. Heath and Pam Woodrow are coordinating this project I believe that all the data should be in their hands for consideration.

I suggest that all future reference to this project be done directly through the Region 7 Office.

Cordially,

RE: Sections Boundaries

Since our February phone conversation I have not heard from you on the above mentioned subject, nor have you bothered to answer my letter (March 6/87).

I strongly feel the present situation is detrimental to our members' involvement in local activities and is depriving some of the members of the services/assistance they are entitled to.

Therefore, I contacted Canada Post Corporation and using their «Mail Preparation Guide» [from the National Distribution Guide] I drew-up the attached list of Area-Codes for Montréal, Québec, St-Maurice and Ottawa (Québec part only) Sections.

The Canadian Postal Code is composed of six characters, both letters and numbers, in the form of ANA NAN, where A represents a letter of the alphabet and N is a number.

The first three characters, called the Area-Code, describe an area roughly the size of 25 letter carrier routes. The last three characters denote a small and easily-defined section within the area described by the Area-Code.

We expect to see some positive action on this matter at least this time.-

Sincerely,

Joseph Fox

Encl.

RE: Sections Boundaries

Following our February phone conversation and since I have not heard from you, attached please find the corrections to the membership roster affecting members in Montreal, Quebec, Ottawa and St-Maurice Sections.

In order to facilitate your handling, the list is sorted by: a)membership number, b)postal code and c)name.

These informations are based on the Montreal Section's Dec 31/86 membership roster and our communications with the above mentioned sections. However, there must be more people listed in the Ottawa Section belonging to the Montreal Section.

The Canadian Region Office is presently dealing with the problem for all Region 7 sections, but before the matter is completely settled, we would like to see at least these data corrected in your records, enabling us to offer the best local services to our members.-

Sincerely,

Joseph Fox Chairman 86/87

Mr. C. A. Price, Vice-President  
Canada District, No. 10, A.I.E.E.  
Canadian Westinghouse Co. Ltd.,  
Hamilton, Ont. Canada

Dear Mr. Price:

I am very glad to have the privilege of transmitting a written record of information which you already have to the effect that the Board of Directors at its meeting on January 28th authorized the organization of a Montreal Section of this Institute with the entire Province of Quebec as its territory.

Section 37 of the Constitution states that in the initial organization only the petitioners shall have the right to vote.

Various requirements and privileges in connection with Section organization and activities are stated in Sections 54-63 of the Constitution and Sections 36-50 of the By-laws.

Under separate cover we are transmitting to the provisional chairman and secretary the printed matter and supplies listed on the attached sheet.

We shall be delighted to be of further assistance in connection with the organization and activities of this Section at every opportunity.

Very truly yours,

National Secretary

Dear Mr. Henline:

*Board of Directors*

Referring to yours of December 9 to all members of the Sections Committee I wish to advise that I have heard favorably from practically all of them in regard to the formation of the Montreal Section. It can therefore be considered as having the Sections Committee's approval. Will you kindly prepare the proper type of recommendation for presentation to the Board at its next meeting.

In this connection I have had some correspondence with Vice-President Price and Dr. Thomson prior to yours of December 9 discussing the Canadian situation as a whole and the ultimate arrangements that they thought were desirable. If the Province of Quebec is assigned to Montreal it would then leave about 24 members in the Maritime Provinces unassigned to any Section. The question I raised with Mr. Price was the desirability of assigning the Maritime Provinces to the Montreal Section at the time it was organized in order to gain their assistance in looking after these members. I presume in view of your letter that Mr. Price does not think this is desirable as apparently they are thinking of the Province of Quebec with the possibility of Ontario later as the proper territory for the Montreal Section.

I think the views of Mr. Price and Dr. Thomson should prevail. If between now and the time the Montreal recommendation is made to the Board they should indicate that they thought it desirable to add the Maritime Provinces to the Montreal Section's territory I would suggest that the recommendation be shaped up accordingly; otherwise, confining it to the Province of Quebec as indicated in your letter of December 9.

Sincerely yours

Chairman, Sections Committee

December 9, 1942

To the Members of the  
SECTIONS COMMITTEE, A.I.E.E.,

Gentlemen:

Through the efforts of Vice-President Price and Mr. W. J. Gilson, District No. 10 Vice-Chairman of the A.I.E.E. Membership Committee, a petition for the formation of a Montreal Section of the Institute has been submitted. It contains the signatures of 25 members in good standing, and thus meets the requirement in the By-laws. Many of the petitioners held a meeting recently and effected a provisional organization.

Vice-President Price has recommended that the territory be the entire Province of Quebec, and added that the Toronto Section is considering the possible desirability of releasing the eastern part of Ontario, including Ottawa, to the new Section. Information on this will be received later.

The next meeting of the Board of Directors will be held in the last week of January, and presumably you will wish to have the recommendation of the Sections Committee ready for presentation at that time.

Will each member of the Committee please write Chairman Mahood as early as convenient, giving his views regarding the desirability of authorizing the formation of a Montreal Section, assuming for the present that the territory would be the Province of Quebec?

Very truly yours,

H. H. HENLINE

National Secretary

HHH:LMW

54.. Whenever, in the judgment of the Board of Directors, a sufficient number of Fellows, Members and Associates shall petition, in writing, these members may form, subject to the Constitution and all By-laws and regulations which may be hereafter prescribed by the Board of Directors, a Section organization for the purpose of more effectually carrying out the aims of the INSTITUTE.

#### EXTRACTS FROM THE BY-LAWS

SEC. 36. A petition for the formation of a Section shall be signed by not less than 25 members residing within the territorial limits hereinafter prescribed. The Board of Directors may decline to authorize the formation of a Section when in its judgment such an organization would not be compatible with the interests of the INSTITUTE.

SEC. 37. In the initial Section organization only petitioners shall have the right to vote.

SEC. 41. The territory of a Section shall include the locality naturally tributary thereto, but shall not include territory so remote or inaccessible that members cannot readily attend meetings. For the purpose of determining the maximum amount to which a Section is entitled under these By-laws, points more than sixty miles from the regular meeting place of the Section shall not be considered a part of that Section, except that, when special conditions warrant such action, additional territory within a reasonable distance may be authorized by the Board of Directors, upon approval of the Sections and Finance Committees. If adjacent Sections are so situated that the sixty-mile limit embraces common territory, the question as to which Section may claim such members as reside within this common territory shall if possible be decided by agreement between the Sections concerned, otherwise by the Sections Committee.

SEC. 42. In addition to INSTITUTE members the Section by-laws may admit other persons interested in engineering, who shall have all the Section privileges except those of voting and holding office.

## EXTRACT FROM THE CONSTITUTION

### ARTICLE IX.

#### INSTITUTE SECTIONS AND BRANCHES

54. Whenever, in the judgment of the Board of Directors, a sufficient number of Fellows, Members and Associates shall petition, in writing, these members may form, subject to the Constitution and all By-laws and regulations which may be hereafter prescribed by the Board of Directors, a Section organization for the purpose of more effectually carrying out the aims of the INSTITUTE.

#### EXTRACTS FROM THE BY-LAWS

SEC. 36. A petition for the formation of a Section shall be signed by not less than 25 members residing within the territorial limits hereinafter prescribed. The Board of Directors may decline to authorize the formation of a Section when in its judgment such an organization would not be compatible with the interests of the INSTITUTE.

SEC. 37. In the initial Section organization only petitioners shall have the right to vote.

SEC. 41. The territory of a Section shall include the locality naturally tributary thereto, but shall not include territory so remote or inaccessible that members cannot readily attend meetings. For the purpose of determining the maximum amount to which a Section is entitled under these By-laws, points more than sixty miles from the regular meeting place of the Section shall not be considered a part of that Section, except that, when special conditions warrant such action, additional territory within a reasonable distance may be authorized by the Board of Directors, upon approval of the Sections and Finance Committees. If adjacent Sections are so situated that the sixty-mile limit embraces common territory, the question as to which Section may claim such members as reside within this common territory shall if possible be decided by agreement between the Sections concerned, otherwise by the Sections Committee.

SEC. 42. In addition to INSTITUTE members the Section by-laws may admit other persons interested in engineering, who shall have all the Section privileges except those of voting and holding office.

July 22, 1965

Mr. J. C. R. Punchard, Director of Research

Dear Bud:

I have your letter of July 13 noting that you are passing on to the Regional Committee the suggested approach for "Current Phase Courante". I was somewhat surprised, therefore, to see on Page 3 of the June/July, 1965 issue that the Montreal Section appears to have jumped-the-gune somewhat. Were you familiar with this? A photocopy is forwarded herewith.

In this connection, I think that the reference to me as the General Manager as the source of permission to proceed, is unfortunate. The chain of command involves yourself as Regional Director, not Headquarters. We merely pass the word, and offer such support as is needed. But questions of permission should always proceed from the Board to the Executive Committee or from the Board to the Regional Director. I would appreciate it if you would bring these comments to the attention of the appropriate officer of the Montreal Section. I do not think any correction notice is needed, but I think that the Section Committee should clearly understand the established procedure, and should also understand that permission to proceed was not given until the June 23 meeting of the Executive Committee.

Best regards,

Donald G. Fink  
General Manager

## REQUIREMENTS TO FORM A CHAPTER OF AN IEEE SOCIETY

*A Chapter is a technical subunit of one or more Sections, or a Council, constituted by a minimum of twelve (12) members of a Society and established by petition to the parent unit(s) and Societies concerned to represent and fulfill the needs of the members and the missions of IEEE. A Chapter functions in a manner similar to that of a committee of the Section. In instances where Section territorial geography may warrant and Society member interests are sufficient to support multiple Chapters of a Society, additional Chapters, suitably identified, may be formed and operate under the current applicable procedures. (IEEE Bylaw 406.1).*

A petition, signed by not less than twelve (12) Section members, above Student grade, who are members of the Society shall be submitted to the Section Executive Committee, via the Section Secretary, for approval. It is suggested that more than the specified amount of names and signatures be included to assure that all petitioners qualify, thus speeding the processing of the petition.

The petition shall specify:

- The name of the Section
- The name of the Society
- The name and address of the Chapter organizer

With the written approval of the Section Executive Committee, the petition shall be mailed to:

IEEE FIELD SERVICES  
Section/Chapter Support  
445 Hoes Lane  
P.O. Box 1331  
Piscataway, NJ 08855-1331

Field Services Staff will review the petition and work with the organizer to resolve any discrepancies. The Chapter shall be considered established after Field Services has ascertained that the Regional Director and the Society President(s) have no objections to the formation of the Chapter.

Following approval, the Section Chairman, the Chapter Organizer, the Regional Director and the President of the Society will be notified. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

## TO CHANGE THE STATUS OF AN EXISTING CHAPTER

The status of an existing Chapter may be changed from single to joint, or vice-versa, or from one joint combination to another without submission of a petition. The change in status will become effective following approval of the change by the Regional Director, the Society Presidents and the involved Section Executive Committee(s).

1. A written request, with full details on the proposed change in Chapter status, shall be submitted by the Section Executive Committee. This request should include the name and address of the Organizer of the restructured Chapter who will act as its Chairman, and be sent to:  
IEEE FIELD SERVICES  
Section/Chapter Support  
445 Hoes Lane  
P.O. Box 1331  
Piscataway, New Jersey 08855-1331
2. Action will be taken by Field Services staff to obtain approval of the change in status by those concerned.
3. When the necessary approvals have been received, the Section Chairman, the Chapter Organizer, the Regional Director and the Presidents of the Societies concerned will be notified.
4. The Chapter formation will be noted in the Report of the Staff Director at the next meeting of the Regional Activities Board.

Dr. M. N. S. Swamy

Dear Mr. Swamy;

We are pleased to advise that all concerned approved the establishment of the Acoustics, Speech and Signal Processing Chapter in the Montreal Section on June 4, 1980.

At this time we are recording you as the Interim Chairman. When an election has been held, please use the enclosed Chapter Officers form (L7) to report the officers to IEEE. If we can assist in any way in the planning of the Chapter activities, please let us know.

We extend our best wishes for the successful operation of this new Chapter.

Sincerely,
